

Fall Furnace Warm-Up Tips

As [cooler weather settles in](#), it's time to start thinking about turning on your furnace for the first time this season. Before you crank up the heat, here are a few helpful tips to ensure your system is running smoothly and efficiently!

1. Check Your Oil Level

As chilly nights arrive, take a moment to check your heating oil tank. You'll want to make sure you have enough oil to keep your home warm. Don't want to worry about keeping track of your oil levels? Our **Budget Program** includes an option for **automatic delivery**, where we'll monitor your usage and ensure you never run out. Contact us to order fuel or join our budget program!

2. Test Your Furnace Early

Don't wait for a cold snap to find out your furnace isn't working! Test it now to ensure everything is running properly. If you hear unusual noises or it doesn't start, reach out to our **Service Department** at **800-252-3882** for a professional inspection. We're here to help!

3. Know What to Do if Your Furnace Doesn't Start

It can be nerve-wracking if your furnace doesn't kick on after being idle for months. Here are a few quick steps you can try:

- **Check your thermostat settings:** Make sure it's set to "heat" and the temperature is set higher than the room temp.
- **Check the power:** Ensure the furnace is plugged in and check for any tripped circuit breakers.
- **Check your oil tank:** Low or empty? Schedule a refill today.

4. Schedule a Tune-Up

Regular maintenance is key to keeping your heating system in peak condition. Our experienced team is ready to perform an annual inspection, which can catch potential issues early and help your system run more efficiently. Call us at **800-252-3882** to schedule your tune-up today!

Bonus Tip: Secure Your Heating Costs

With prices and markets fluctuating, now is the perfect time to look into our **Pre-Buy and Budget Programs**. Lock in your heating oil price, take advantage of our low-price guarantee, and avoid price increases this winter. Learn more, calculate your price, and sign up at NittanyEnergy.com to stay warm and cozy this fall!
